RICE—

Good and prime,	4 6 1/2	a 4 75
Cotton—We quote inferior and ordinary, 6 a 6 1/2; middling to middling fair, 6 1/2 a 7 1/2; good fair and fine, 7 1/2 a 8 c. A few bags white Sea Island have been sold since our last, at prices ranging from 20 to 30c; and 19 bags stained do, from 14 to 17c; and 11 bags Santee, of the new crop, at 26 and 26 1/2c per lb.		
Rice—We stated in our report of the 15th inst. that the Rice market at the close of the week not only exhibited symptoms of extreme languor, but prices had occasionally turned in favor of purchasers, but what was thought to be a partial decline has since become general, and the market throughout the week just closed, has been in a very inactive state, and sales have been effected from time to time at a 1/4 to 1/2 dollar per hundred reduction from the highest point of the market. The receipts of the week reach 2776 tierces, and the operations in this same time do not reach quite 1200 tierces, taken on the following terms, viz: 17 tierces 54; 50 at 44; 100 at 44; 50 at 4 1/2; 45 at 4 1/2; 78 at 4 1/2; 195 at 4 1/2; 64 at 4 1/2; 268 at 4 1/2; 325 at 4 1/2; and 30 tierces at 4 1/2; 13-16ths per hundred. We have reduced former quotations, and would refer to them for the state of the market at the close of the week.		
Rough Rice—The receipts of the week are heavy, and reach in round numbers, 70,000 bushels.—The transactions in the same time comprise 3000 bushels at \$1 15; 3400 at 1 16; 3000 at 1 16 1/2; 2200 at 1 20; 5200 at 1 25; and 18,000 at \$1 26 1/2 cents per bushel, and the balance has been forwarded to the mills.		
Grain—A cargo of prime new North-Carolina Corn has been received since our last, and taken by a dealer at 70 cents per bushel. No Oats or Peas have come to hand this week—last sales as follows—for the former article 44 cents, and for latter 66c per bushel.		
Flour—\$6 50 a \$7 00.		
Bacon—The market continues very quiet.—Two small lots of Western Sides, were sold at 7 1/2 and 8c. See quotations.		
Lard—The transactions of the week in this article have been confined to the sale of two small lots Western, in about 400 kegs, at prices ranging from 8 1/2 a 9c.		

**FAYETTEVILLE MARKET—Nov. 25.**  
 Since our last report there has been but little Cotton in market, and the article is dull at 5 1/2 to 6 1/4. Our receipts of Flour have been large, and the sales generally were at 5 1/2 to 5 1/4, until this morning. After the receipt of the late news from England, there was a speculative demand, and sales were made at an advance, say 56 to 57 1/2. We have no change to notice in other produce.—Corn is scarce and in demand.—Obs.

**EUROPEAN MARKETS.**  
**LIVERPOOL, Nov. 3, 1845.**  
**Flour and Grain.**—The duty on foreign Wheat is reduced this week to 16s; on Peas to 15s 6d per quarter, and on foreign Flour to 9s 7 1/2d per bbl. In middle of last month, U. S. Flour, in bond, was saleable at 28s; and Canada free at 35s per bbl.—Subsequently a general advance took place in Grain, in consequence of alarming accounts of the potato disease through Scotland and Ireland. U. S. Flour sold 30s to 31s per 480 lb; and Indian Corn brought 35s per 480 lbs in bond, while Canada free Flour sold at 38s to 37s. In the last ten days there has been finer weather, and the accounts respecting Potatoes are rather better.—Another account quotes U. S. Flour in bond, 31s a 32s per bbl.  
**Turpentine.**—A great advance; 6000 bbls sold at 9s—the large importers will hold their stocks from the market.  
**LONDON, Nov. 3, 1845.**  
**Turpentine.**—Has been suddenly pushed up by speculative operations; last sales were 200 bbls at 9s 6d and 500 bbls at 10s; while for 1000 to arrive, 11s have been refused. Spirits have risen in proportion, and 50s and.

**WILMINGTON MARKET—Nov. 27.**  
 We had some rain last night, and were in hopes that enough would fall to give us water in the rivers, but in this we are, we fear, doomed to disappointment, as this morning is clear and bright.—The rivers continue low—as low as at any period during last summer. Consequently produce comes down very slowly. We give below a summary of the market, which may be relied on.  
**NAVAL STORES.**—During the past week, some 4 or 5000 bbls. Turpentine have come down and was sold at from \$3 60 to \$3 75. Sales on yesterday, the last we have to report, were made at the latter mark. We have heard of no sales this morning, but we learn that \$3 75 is the price. Tur—This article is slightly on the advance. There is little coming to market. Sales were made yesterday at \$1 80. This we quote as the market price.  
**TIMBER & LUMBER.**—But very little Timber arriving—there is now some fifteen riffs in the river. Sales were made during the past week at \$4 64, \$4 64, \$4 64, and according to quality. Sales were made at these prices on yesterday. We learn that Timber is somewhat dull on the market. Lumber—None in market, and none arriving. Sales—Flooring boards were made for a common article, at \$12. The market price for a fair article, we put at \$13. Scantling \$6—Wide boards \$7.  
**SHINGLES.**—This article has receded since our last quotation. Last sales were made at \$2 50. None now in market.  
**STAVES.**—Red Oak dressed are worth from 18 to 20, for a fair article. A lot of common were sold at \$16 this week. Bare on the market.  
**CORN.**—This article is very scarce in our market at present. There is not a bushel a float, nor has there been any arrivals for some time. It is retailing out of the stores at 80 cents.  
**BACON.**—This article, we learn is scarce in market—the last sales were made at 10 cents for sides. Indeed we learn that the hog round would command this mark.  
**SALT.**—We also learn that this article is scarce and selling, Turks Island, at 45c. per bushel, by the quantity.  
**GROUND PEAS.**—Coming freely to market, and selling at from 73 to 75c.  
**RICE.**—Rough Rice has been sold at considerable quantities during the past week, at \$1 10.—Cleaned Rice is held at \$4 50 to \$4 75. No sales of the latter to report.  
**M. R. RICE**, who was in Wilmington last winter tuning Pianos, and who tuned the Episcopal Church Organ, expects to be here again in a few days, and will attend to any business in his line.

In a few minutes after separating, the Fair disappeared—it is presumed that she sank. Nothing saved from the wreck. The Tigra received considerable damage.

**PROPOSALS FOR ISSUING**  
**The North Carolina Standard,**  
 SEMI-WEEKLY.  
 THE undersigned proposes to publish the North Carolina Standard after the first of February, 1846, twice a week. Many Democrats, in various quarters of the State, desire this, and it is believed it can be done, if exertions are made in its behalf among the democratic party generally. The importance of such an issue, it seems to the undersigned, too apparent to require arguments in its favor. A semi-weekly paper ought surely to be sustained by the great democratic party of the State, (a party which casts 400,000 votes), especially as it is to be published twice a week in the State. Think of this, democrats, and of the influence which such publications must inevitably exert upon the public mind.  
 The Weekly Standard will be published as heretofore, and the undersigned flatters himself, will be much more interesting and valuable than it is at present. It will contain at least eight columns more of reading matter than it does now.  
 TERMS.—The semi-weekly Standard will be published at Four Dollars, if paid within the first three months, or Five Dollars, if payment be delayed beyond that period; and the weekly Standard at Three Dollars per annum, payable in advance. Both the Weekly and semi-weekly will be printed at the present size, on fine paper and with new type. Subscriptions to both papers are most respectfully and earnestly solicited; and subscribers to the present paper, who are willing to take the semi-weekly instead of the Weekly, will please inform the undersigned of the fact, by letter or otherwise, on or before the 5th of January, 1846.  
**Nov 18, 1845. W. W. HOLDEN.**

**Valuable Plantation**  
**FOR SALE.**  
**THE** SUBSCRIBER, being desirous of removing to Florida, will sell his two PLANTATIONS on Little River, (S. C.) and the Sea Shore, four miles from the North Carolina line, and immediately on the Road leading from Georgetown to Wilmington. The one whereon he now lives, and West of Little River, contains about 4000 acres of land, 200 of which is cleared and under good fence. About 400 acres of this is Swamp, well drained, and with ordinary seasons will produce from 25 to 30 bushels of corn per acre, or 1000 to 1200 pounds of cotton. Adjoining this there are about 200 acres of uncleared Swamp of equal quality. On this tract, there is a good Dwelling-house, Kitchen, two Barns, new Cotton Gin, Negro-houses, Stables, and other out-buildings, all in good repair. About 3600 acres of this tract is PINE LAND, well adapted to Turpentine, convenient to the tide water of Little River, where Turpentine may be shipped at any season of the year that may suit the maker.  
 The other PLANTATION, adjoining, East of Little River, and on the Sea shore, contains about 700 acres of land, 150 acres cleared and under good fence, having on it a Dwelling-house, Kitchen, Barn, Stables and other out-buildings, and is one of the handsomest and most convenient places for a summer residence on the coast, the house being very near the beach, in open view of the ocean & having the full influence of the sea breeze, convenient to Fish and Oysters, and all the productions of the salt water. It also affords one of the best locations for Sea Fishing.  
 Persons desirous of purchasing, will do well to come and see for themselves, as the subscriber will at most times be found on the premises, and will take pleasure in giving every information desired.
